

TRANSPARENT, HIGH BARRIER PET FILM FOR RETORT APPLICATIONS

IMP241

AIOx top coated, high barrier polyester surface
Transparent polyester core

IMP241 is a transparent AIOx PET film which has been top coated to give high oxygen barrier and improved moisture barrier properties. IMP241 is suitable for printing and lamination and is designed for use in a variety of flexible packaging applications including retort and hot water sterilization.

PRODUCT FEATURES

- High oxygen barrier and improved barrier to moisture
• Excellent gloss and transparency
• Can be printed and laminated on the top coated side
• Suitable for use in retort and hot water sterilization applications

APPLICATIONS

- High barrier products that are not light sensitive
• Suitable for meat, fish, nuts, dried fruit, cheese and dried meats
• Used in a laminate structure to provide high barrier flexible material suitable for form fill and seal, pouch, bag and lidding applications.
• Used in laminate structures to provide high barrier materials for steam and hot water sterilization processes

Table with 5 columns: PROPERTIES, TEST METHOD, UNITS, and IMP241. Sections include GENERAL, OPTICAL, MECHANICAL, and BARRIER with various technical specifications.

Guidelines for storage

IMP241 should be stored at below 105°F in its original wrapping and away from sources of direct sunlight.

Printing & Lamination

Consult with your ink and adhesive suppliers for appropriate materials for use with this product.
